

ECO/Tourism Hotel/Resort Project In The Beautiful South Pacific ... VANUATU

Designed by one of Queensland's leading tropical architects from multi award-winning practice TPG Architects, The Frangipani Beach Pavilions Resort/Hotel will be the ultimate hideaway to rejuvenate amongst nature and celebrate in tropical luxury. Set upon the pristine Havannah Harbour in Vanuatu's main island of Efate, the secure and exclusive waterfront property will feature fully airconditioned over-water bures, an artisan beauty spa with hairdressing salon overlooking the harbour, a 150-seat restaurant on the jetty, function room and wedding pavilions ... plus much more.

Betting its beautifully natural location, The Frangipani Beach Pavilions Resort/Hotel will embody sustainable materials and features to complement the traditional influence on their design. These include solar systems throughout the resort and state-of-the-art reverse osmosis water filtration to provide clean and pure water.

Situated approximately 25 kms north of Port Vila, the resort will be accessible via Efate's sealed ring road, boasting amazing scenery and places to stop en route, such as the Evergreen Cascades Waterfalls.

For those wishing to invest in paradise, soak in the tropical ambiance and village culture, the conveniences of modern comforts are still close at hand in The Frangipani Beach Pavilions Resort/Hotel Havannah Harbour - VANUATU.
